Under this policy, you may have to pay out-of-pocket costs above what you get from Medicare or your private health insurer. Before you go to hospital, you should ask your doctors, hospital and health insurer about any out-of-pocket costs that may apply to you.

[The following payments may also apply for hospital admissions](#)

Excess: No excess

Co-payments: No co-payments

[The following waiting periods for hospital admissions apply to new or upgrading members](#)

Waiting periods:

- 2 months for palliative care, rehabilitation and hospital psychiatric treatments, even if pre-existing
- 12 months for other pre-existing conditions
- 12 months for pregnancy and birth (obstetrics)
- 2 months for all other treatments

[Hospital Accommodation](#)

We pay the minimum benefit set by the government towards hospital accommodation. If you elect to be admitted as a private patient this minimum benefit is equivalent to the cost of a shared room in a public hospital, meaning you will incur an out-of-pocket cost for a private room. If you're treated in a private hospital, you are likely to incur substantial out-of-pocket costs as the minimum benefit will not cover the costs of the private hospital.
